Thai culture Travelers are encouraged to learn a little of Thai culture and basic phrases such as Sawadee-ka (good morning etc), La-konn (good bye) and khob-khun-ka (thanks). The Thai method of greeting is the “Wai” (to show respect) which involves bringing the palms of both hands together and raising them to face level, the finger tips about eye level and head bent slightly forward. Thais do not like physical contact, particularly with people unfamiliar to them.

Wifi Coverage is available in most of the accommodation, usually in reception areas, with varying degrees of effectiveness. An email home can be a cost efficient way of staying in touch.
